2016 ICOSEP Meeting in Lisbon

We learned nonprofit “lessons”
from each other...
We shared our experiences...
We gained valuable information from
industry experts...
We met new friends...

**And now we are ready for the 2016
Children’s Growth Awareness Campaign**

Mark Your Calendars

March 9-10, 2017

Frankfurt, Germany

are the dates and location for
our next meeting.

Details will be posted in the December
newsletter.

**It's wonderful to
have friends!**

Historical Review of the Children's Growth Awareness Message Reach [Campaign began in 2013]

These statistics prove that ordinary people, uniting together, can accomplish extra-ordinary things! But we could not have done it without the support of:

Novo Nordisk: For having the foresight to see the potential in our group and providing the start up funds and support. Without you none of this would be, or would have been possible!

European Society of Pediatric Endocrinologists: For facilitating a venue for us to share our message with their member physicians.

**Academy of Clinical Endocrinologists
Pediatric Endocrine Nurse Society
the Endocrine Society**
and many more!

Ipsen: For seeing the accomplishments our group is working so hard to build and supporting our outreach.

Worldwide ICOSEP members work hard to bring patient unity to endocrinology. Join our coalition voice as we try to teach the world that endocrinology health concerns matter!

New ICOSEP Leaders

BOSNIA-HERZEGOVINA

Congratulations **President Aida Jazic**. After watching members from Bosnia-Herzegovina patiently develop and work through many years of the legal requirements, we were so happy to announce that Bosnia-Herzegovina has an official growth organization. Fantastic effort!

(Left) **Olga Davidovic** and (Right) **Dr. Radmila Kosic** are the momentum behind the growth association called HORST of Serbia. They have a highly organized and developed group which is building quickly.

Welcome **Diana Vitali**, President of SOD Italia. Diana has much experience in dealing with governments and family needs. We are thrilled to have you as part of our coalition.

Alina Toma (Above) is President of Touch the Rainbow association of Romania. As a newly formed organization we are all hoping good things for Alina and the families! It is a big job but she is an excellent leader and can do it!

Daniela Dippold (Right) is the President of her association in Munich. Daniela was so excited about ICOSEP that she began plans for an educational program for her families in July! Good Job!

Tuesday,
September 20, 2016
is Children's Growth Awareness Day

This design (seen on the left) was voted upon and approved by the Board members of ICOSEP as the official symbol for the Children's Growth Awareness Campaign.

New Children's Growth Awareness materials are prepared and free to upload from the icosep.org website. Review the English versions, and translate for your use this September.

Email jamie@magicfoundation.org if you need help.

Let's Rock our educational campaign this year! We will show the world that all children matter...particularly the little ones!

This logo is free for use for this campaign only, to any business who wants to help promote our message during Growth Awareness Week (19-24 September, 2016). Thank you!

On Tuesday, September 20, 2016....

1. Send an email to friends and co-workers
2. Tweet a message
3. Post to your Facebook group

That's it!

Together we can help children throughout the world and encourage a better understanding of these serious medical challenges affecting children's growth.

We have done the work for you, just translate and send on Tuesday! Together we can do this!

Visit: <http://wp.me/P52YWw-bs> for more examples. Thank you.
